## Welcome

On behalf of the above committee I hope your time in South West Rocks is enjoyable.

I would like to bring to your attention some road closures that may affect you during the event. These closures are recommended and enforced by NSW Police for the safety of the competitors.

Sunday June long weekend between the hours of 7.15am to 10.30am, Gregory St from Arakoon Rd to Plummers Lane will have one lane closed with alternating traffic movement.

South West Rocks Rd from Plummers Lane to the Hat Head turn off will be CLOSED to all southbound traffic. Also during this time there will a large number of runners along Phillip Dr, through the CBD area and Gregory St with traffic controllers in place for the duration of the race so we ask drivers to be aware of their presence.

We thank you for your co-operation.

Tracy Walker  
Race Secretary
